

WORKSHOP AGENDA

Exploring the energy transition in the pelagic sector

Date : 20 April 2023
Time : 14:00 – 17:00 hrs CEST
Type meeting: Online
Location : Zoom (with simultaneous interpretation EN-SP-FR)
Chair : Gonçalo Carvalho, PelAC vice-Chair

14:00 **Opening and welcome messages** by the Chair, Gonçalo Carvalho

Energy efficiency & state of play for pelagic vessels

14:10 **Presentation 1**: Commission Communication: Energy transition of the EU Fisheries and Aquaculture sectors, by Ana Peralta Baptista & Hidde Politiek, European Commission

14:30 **Presentation 2**: Decarbonising the EU Fishing Fleet, by Flaminia Tacconi, Client Earth

14:50 **Presentation 3**: Energy transition in pelagic fishing vessels/state of play new technologies, by Dominic Rihan, BIM (Ireland)

15:10 **Presentation 4**: Energy efficiency of the EU pelagic fisheries: current status, identifying and addressing barriers for the energy transition and the way forward, by François Bastardie, DTU Aqua (Denmark)

Break from 15:30 – 15:45

Innovations and Alternatives

15:45 **Presentation 5**: Adaptations onboard vessels and use of alternative fuels in shipping, by Guilhem Gaillarde, MARIN (the Netherlands)

16:10 **Concluding summary** by the pelagic sector & **discussion**, led by Jérôme Jourdain, UAPF

16:50 **Listing of actions and closing remarks** by the Chair

17:00 **End of the meeting**
